

Analog refrigerator / freezer thermometer for easy temperature monitoring

Easy reading of bold numbers.

Can be fixed both horizontally and vertically.

Filled with non-toxic liquid, NSF certification.

-40 to +27°C

-40 to 80°F

Horizontal & vertical fixing

NSF certified

KEY FEATURES

Easy reading of bold numbers

Can be fixed horizontally or vertically

Filled with non-toxic liquid

Suitable for refrigerator and freezer monitoring

Compact and lightweight design

APPLICATIONS

Refrigerators

Freezers

Cold rooms

Food storage monitoring

Commercial kitchen environments

TECHNICAL SPECIFICATIONS

Parameter	Specification
Measuring Range	-40 to +27°C; -40 to 80°F
Graduation	2°F; 1°C
Accuracy	± 1 division
Mounting	Horizontal or vertical
Filling	Non-toxic liquid
Certification	NSF
Dimensions	125 x 3 x 20 mm
Weight	27 g
